EDUCATION

Indian Institute of Technology, Madras

Data Science B.S.

Chennai, TN

Jan 2023 - Present

G. Pulla Reddy Engineering College

CSE(AI-ML) B. Tech

Kurnool, AP

Dec 2021 - May 2025

EXPERIENCE

Cognizant | SDET Intern

Chennai, TN | March 2025 - Present

- Engineered the functional and automation testing framework for the Go Local group project, a platform designed to connect users with local businesses and services. Tech Stack Java, Spring Boot, Selenium, TestNG, Apache POI, SQL.
- Gained hands-on experience in authoring and executing automated test scripts, performing data-driven testing using Apache POI, validating REST APIs, and managing the end-to-end software testing lifecycle.

Siraom Private Limited | PHP Intern

Remote | Nov 2023 - Jan 2024

- Developed the blog section and enhanced SEO features for a large-scale website with over 43,000 lines of code.
- Improved content management and increased the websites visibility and user engagement through optimized search engine performance.

SKILLS

Programming Languages: C, Python, Java, HTML, CSS, PHP

Libraries/Frameworks: Angular, Spring, Spring Boot, NumPy, Scikit Learn, Tensor Flow

Tools / Platforms: Git, VS Code, Eclipse IDE

Databases: SQL

PROJECTS / OPEN-SOURCE

Study Mate

Python, Scikit Learn, Tensor Flow, NLP

- Developed a voice-bot for academic support and emotional well-being, supporting both voice/text input and output for enhanced accessibility.
- Leveraged machine learning algorithms and natural language processing to accurately recognize and respond to user queries.
- Implemented a continuous learning feedback loop, significantly improving response accuracy and usability for children and individuals with disabilities.

Faculty Registration

HTML, CSS, JavaScript, PHP, MySQL

- Developed a faculty registration website for our college department, streamlining the registration process and centralizing faculty data for improved accessibility and management.
- Solved long-standing challenges related to data retrieval and updates, resulting in enhanced efficiency for both faculty and administrative staff.

CERTIFICATIONS

- Oracle Generative AI - Oracle.
- Foundations of Data Science and Programming - IIT Madras.
- Introduction to Programming using Java - Microsoft.
- Java Full Stack - TalentNext, Wipro.
- Basics of SQL - HackerRank.
